Dear Lois

at last your very tardy letter
I guess you have changed your plans for
that whirlwind trip you were planning
for this summer, you never mentioned
your plans for the summer. Last time
I heard from you, you were planning to
sell your car. Well I'm glad to hear
that you are going to make us a visit
you will be here alright. Norine's
Mother left for Honolulu May 6th, she
got homesick for the Islands. I don't
think the past cold winter suited her.
so we are alone and come and stay
as long as you can, make this your
headquarters. It's a good place to rest
after all your other activities

Our Cherry Festival is on during May
10-11-12 so you should get fed up on
cherries. I say you but you know that

means

Al, and we will have a lot of shop talk
as I've got a circular saw for a start
and mean to get some more power tools
I've most of the hand tools I need.

So your Mother is coming over again
Dot & Barney never came to see us. I've
looked for them after hearing that they had
a car. There's lots of Adventists in this
district, you have a Church & School
in Beaumont

Write and give me some idea of
your plans. I hope you get here before 4 AM.
If its going to be that time I'll leave the
door unlocked and you know your room
I guess you know the NW corner this time

Well I'll be seeing you soon, Hoping this
finds you both in the Pink.

Au Revoir

your affectionate Dad
