

## Prayer

Our gracious Father in Heaven we approach thy throne with thankful hearts, for thy many blessings to our Brother who is now sleeping in Jesus. We thank thee for <sup>thy</sup> comforting presence with those that mourn. Help each one present here to realize the uncertainty of life and that one day we must all give an account before the eternal throne of God. Oh! help us to know the vanity of earthly things, and to more fully understand the truth of God, and His great love toward each one here present.. There may be those present here who have not learned to know thee as their Saviour, who are as yet dead in their ~~many~~ pleasures of sin. Oh God may they awake to know Thee <sup>and</sup> understand Thy great love and tender mercy us toward. Oh God remember the dear companion who is left behind. May she feel Thy presence precious near. Bear thou her comforter. Bless the daughter and her family. Sustain them and keep them. Bless the brother and sisters and other relatives and friends that mourn . We long for the gospel to be quickly preached to the world so Jesus can come and we can go home with Him, thus shall loved ones be united never more to part. Even so come Lord Jesus.
